

- Prevents tampering of cam & groove couplings
- Prevents theft of media
- Can be used for pollution prevention, as it improves the current industry method of securing the coupling with tape or wire.
- Can be used for lockout tagout system
- Prevents removal of coupler cam pins by concealing coupler cam pin area.
- Designed to fit most brands & configurations of cam & groove couplings.
- Made of 12 gauge 316 stainless steel for strength & corrosion resistance.
- Welded hinge pin for added tamper resistance.
- Additional lugs used for lanyard or ID tags.
- Sizes: Now available in 2" 3" & 4".
- Made in the USA

**Coming soon - Plated Carbon Steel**

A "NEW" cam & groove locking system that secures your couplings.
